◤◢ TWO DIAMOND

VITRINEMEDIA presents the VM TWO DIAMOND for even more possibilities for your storefronts and sales areas.

A brand new intelligent format that allows you to communicate in square or diamond format.
This LED display uses the design codes from the VM TWO range, and enables the display of visuals measuring 29.7cm on each side.

Its powerful LED system offers a high brightness of 5500 LUX at a low voltage with a reduced energy consumption.

For complete modularity, the **VM TWO DIAMOND** is compatible with VITRINEMEDIA cable and fixing systems, including VM START NOW and VM TRACK TRANSFORMER !

And for use both in storefronts and inside your spaces, it is also compatible with the VM TWO WALL FIXTURE SET and VM TWO DOCK ranges.

Finally, thanks to the VM BACKLIGHT sheets specially developed by VITRINEMEDIA, the **VM TWO DIAMOND** makes all your visuals glow for maximum visibility.

INNOVATIVE FASTENERS

- Innovative hanging system for simplified installation
- Can be used in square and diamond format
- Compatible with VM rails and fixations
